PROFESSIONAL EXPERIENCE

Senior Consultant — June 2025 – Present
The Peerless Group

- Translate complex cloud, AI, and infrastructure solutions into clear, persuasive narratives and value propositions for technical and executive stakeholders.
- Design positioning, messaging, and content strategies for complex, data-driven federal acquisitions aligned to personas, use cases, and business outcomes.
- Architect solution frameworks, visual storyboards, and sales collateral connecting technical capabilities to mission requirements, ROI, and Data + AI observability benefits.
- Lead cross-functional teams across product, sales, engineering, and SMEs through end-to-end GTM and proposal development.
- Develop and deliver high-impact oral presentations and executive briefings that drive stakeholder alignment and deal momentum.

Product Strategy & Experience Lead, Launch Communication Enablement — April 2023 – July 2025
Microsoft

- Designed and shipped an internal product launch tool for enterprise and federal offerings that cut launch cycle times by approximately 25% and accelerated internal approvals by 15–20%.
- Mapped end-to-end sales workflows to identify bottlenecks, then embedded streamlined processes into the launch tool so field teams could move from announcement to market faster.
- Partnered with business planners to templatize and standardize each product launch, reducing duplicated effort and giving planners a repeatable framework for cloud, AI, and infrastructure releases.
- Drove adoption across sales and marketing stakeholders, establishing the tool as the central system of record for coordinating launch readiness across teams.

Customer Marketing & Communications Manager — August 2019 – March 2023
Microsoft

- Built go-to-market strategies aligning cloud, AI, and infrastructure solutions with government customer needs and procurement drivers, supporting adoption across some of Microsoft's largest enterprise and federal accounts (Microsoft now serves over 95% of the Fortune 500).
- Created standardized visual frameworks and storyboarding approaches adopted across federal sales and solution teams, increasing reuse of core assets and enabling the same teams to manage higher deal volume without adding headcount.
- Partnered across engineering, sales, and marketing to translate complex solutions into clear, evaluable formats for federal buyers, contributing to more than $100M in influenced and closed revenue across cloud and infrastructure portfolios.
- Partnered with customer success and account teams to design demos and oral presentations supporting large-scale cloud and AI initiatives in the public sector.
- Served as a trusted advisor to senior and C-suite stakeholders, simplifying advanced technical solutions into outcome-driven narratives.
- Identified and shaped expansion opportunities, converting emerging needs into multi-million-dollar follow-on services.

Sales Communications & Proposal Strategist, Public Sector — August 2013 – August 2019
Microsoft (P3Solutions Contract)

- Helped secure more than $12B in government and enterprise contracts through strategic proposals, oral presentations, and go-to-market messaging.
- Achieved a 95% win rate on oral presentations across defense, intelligence, and civilian agency pursuits.
- Managed proposal efforts exceeding $250M, collaborating with sales, engineering, solution architecture, and legal.
- Led design thinking workshops and trained employees on advanced PowerPoint illustration techniques.

Sales Communications & Proposal Strategist, Public Sector — July 2007 – August 2013
